Six Candidates File Papers In Trustee Races

There were only six candidates this week for seven local school board vacancies which will be decided April 18 at the polls.

Three positions on the Jefferson Elementary and four berths on the Jefferson High School District board are at stake.

RONALD R. Mangean, 33, has filed for election to the Jefferson Elementary District school board. President of the Daly City-Colma Democratic Club. he has five children and resides at 357 Vista Grande avenue.

Veteran JESD trustee Katherine Mullen, Colma housewife, was the first to file for re-election. The only other candidate thus far is Ronald R. Mangean, 33, a business management executive and president of the Daly City - Colma Democratic Club.

Mangean, who lives at 357 Vista Grande avenue in eastern Daly City, is the father of five children, ranging in age from 10 to 1.

JESD board chairman Frank Verducci, head counselor at Portola Junior High School in San Francisco, last week indicated that he may not run for re-election. Trustee Thomas Noonan, a St. Francis Heights resident, is expected to file for re-election momentarily.

High school board candidates are incumbents Lyal Ingersoll, chairman; Elio Fontana of Colma and Anna Eason, of Daly City, and Dr. Jerry C. Miles, a Pacifica chiropodist.

Fontana and Eason filed this week. A monument manufacturer, Elio joined the board in 1952 and was chairman from 1957-60. He resides at 102 Alder avenue. Mrs. Eason, housewife at 199 Westlake avenue, has been on the board since 1947 and has acted as clerk since 1959.

Ingersoll, 439 Crocker avenue, Daly City, a contractor, has twice been chairman of the board. He has been a trustee since 1951.

Deadline for all trustee candidates to file is March 17. Information on nomination papers can be secured by calling the county schools' office, EM 8-3901, or the two Daly City-headquartered school districts, PL 5-1162 (high school) and PL 5-3341 (elementary).

IS THE MOVE FEASIBLE?

South-Of-School Routing Spearheaded By Petition; City Will Sound Out State

Yielding somewhat to an intense petition drive in St. Francis Heights and Westlake Knolls, the Daly City council Monday night ordered a full-scale inquiry on the possibility of shifting the east-west freeway lateral to south of Christopher Columbus School.

The council's decision to again notify the state of its position "preferring that the lateral be located south and out of Daly City if possible," came after Ed Solomon, 33 Southdale avenue, Westlake Knolls, and Mrs. Larry Green, 630 Clarinada avenue, St. Francis Heights, challenged the council for allegedly sitting idly by and not heeding the protests of scores of west-side residents.

Solomon, noting that many signatures of St. Francis Heights and Westlake Knolls residents are supplemented by urgings by Jefferson Elementary School Board and McKeon Corporation, asked the council to adopt two resolutions. One would be to urge First District County Supervisor James Fitzgerald to get the full board's support for putting the freeway lateral out of Daly City, and the second resolution asked that the council go on record—in a declaration to the State Highway Commission — for lateral route A.

Solomon repeated as the petition circulars point out, that the lateral south of Christopher Columbus School would be shorter, eliminate hazards for school children, wouldn't uproot any homes, would go on entirely undeveloped land out of Daly City, and would effect a $6.5 million savings every 20 years for motorists who use the lateral.

Builder George McKeon, in the audience, also suggested the council ask for a county-state agreement on the lateral shift and that the council go on record for lateral A, the route advocated by the St. Francis Heights and Knolls homeowners and the school district.

Councilman Bob St. Clair, who first answered Solomon's presentation with the summary, "we spent two years getting this freeway lateral ironed out and have made our position clear," minutes later concurred with Solomon's position and asked fellow councilmen to consider another letter to the State Highway Division "insisting that we want this lateral out of Daly City if it's feasible from engineering and cost standpoints."

St. Clair qualified his stand, however, informing Solomon that the council many months ago favored a "Y-T" route, "similar to lateral route A, but we were told by the state then that this wasn't practical."

"It would seem," added St. Clair, "that the fact the state now says it is studying the lateral shift that it is feasible."

"Therefore," he continued, "I think another letter to the state reiterating that we want the lateral out of Daly City should be dispatched immediately."

The sparse audience at the meeting applauded St. Clair's position. Lone dissenter was Ray Charette, Mission street blinds and shade dealer, who argued against any changes in the lateral.

Stormed Charette: "I can't go along with the perversion of facts being spread by those who want the lateral shifted. This issue has been settled at a public hearing, and the state at that time pointed out that a route similar to lateral A was out of the question because of the 20 percent grade and other engineering obstacles. I don't think the council should change its stand just because of pressure from one individual or a handful of property owners."

Charette received a snappy reply from Councilman Joseph Verducci when the former declared that "Christopher Columbus School purposely was located in the path of the freeway to block the freeway."

"You're off on the deep end with that charge," asserted Verducci. "It's ridiculous to say that the school board purposely put a school there just to keep out a freeway. You can't prove it. Let's see some evidence."

Charette's answer then was, "well, its a poor location for a school—just look at the map."

The discussion was resolved as the council agreed to adjourn the meeting to next Monday night at 8 o'clock, at which time City Attorney Paul Hupf will present a second letter to be sent the state on the council's position regarding the lateral. The council also instructed the city manager and city engineer to report on lateral A.

A few minutes later, the council, by resolution, finalized its agreement with the state for the route of the Junipero Serra freeway—extending from Junipero Serra and Knowles to a point just below Eastmoor avenue and Junipero Serra. This act officially makes the routing final and the city is obligated to close off streets affected by the federally-financed routing.

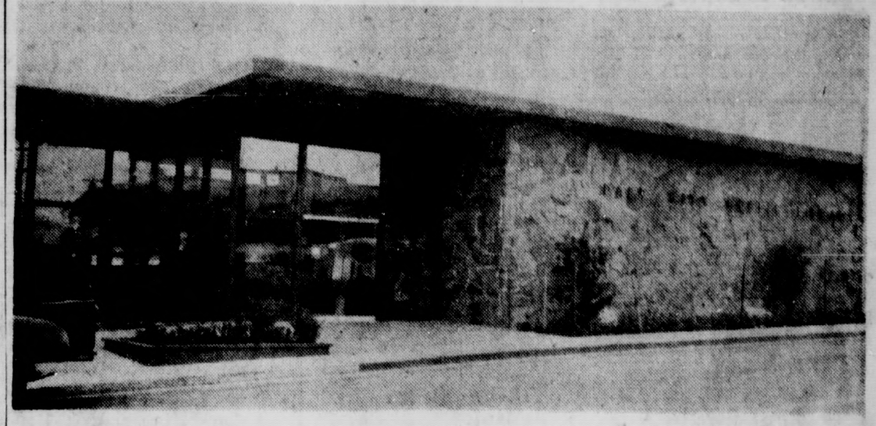
Mayor Frank Pacelli termed the resolution "the culmination of 10 years of work by Daly City officials, and no matter how you look at it, it's an accomplishment."

13 Patrolmen To Take Exams For Sergeant

Thirteen Daly City police officers will take written and oral exams in March and April to establish an eligibility list for promotions to police sergeant.

The written examination will be given on March 24 and the oral test on April 13. One new sergeant will be appointed this spring to partially fill the gap created by the promotions to lieutenant of John D. Walsh and David Hansen.

Asst. City Manager Phil Brown said the following officers are scheduled to take the sergeant exams: Les Bastedo, James Bergstrom, Richard Brewer, Tom Culley, David Johnstone, Phil La Bruzzo, Matthew Murray, Al Nicolini, Richard Sims, Robert Stables, Stephen Steen, James Sunderland and James Welsh. Each has had the required minimum of two years' experience in the Daly City department.



DALY CITY'S spacious new main library, 275 Southgate avenue in Westlake, will be dedicated this Sunday, February 19, in ceremonies starting at 2 p.m. The open house will last until 5 p.m. and the general public is welcome.

Transit Plans Get Final OK

Final approval has been given to a $1,025,000,000 engineering plan for the San Francisco Bay Area's proposed new rail rapid transit system.

The plan calls for a 119-mile network of subway, aerial and surface lines to branch out into the five central counties of the Bay Area — Alameda, Contra Cost, Marin, San Francisco and San Mateo.

Approval of the engineering plan was given by the 16-member board of directors of the Bay Area Rapid Transit District, the public agency which is developing the system.

The plan now goes to the district's financial consultants for the development of a recommended method of financing the system. The entire engineering and financing plan will be submitted to boards of supervisors of the five counties in the district by August 1, and is scheduled to be presented to Bay Area voters in June, 1962.

By their action, the district's directors approved a plan which

Open House Program Will Dedicate New Library Here Sunday

Daly City residents are invited to participate this Sunday, February 19, in dedication ceremonies at the new main library, 275 Southgate avenue in Westlake.

The festivities will begin at 2 p.m. with speeches by City Librarian Sam Chandler, Mayor Frank Pacelli, and Dr. Lionel Farber, chairman of the city library commission. Following these addresses, the public is invited to tour the $178,000 facility, designed by Westlake resident John Gloe and constructed by contractor John A. Nelson. The open house will last until 5 p.m. The Friends of the Library will serve punch and cookies, according to Lenore Brewer, president of the club.

At last week's library commission meeting, the board finalized plans for the dedication.

Chandler reported that book withdrawals from the two Daly City branches last month hit an all-time record number—17,247. Last year, the average monthly book withdrawal total was 7478.

In Westlake alone, book withdrawals last month totaled 10,617, Chandler said. The heavy traffic at both branches has forced the library to restrict the number of withdrawals per library card to 3 instead of the former limit of 6.

Chandler explained that the city of Daly City has a total of 26,000 library books on the shelves—8000 of these at the new library in Westlake. He has ordered 5000 new books, due by June, to stock the latter facility.

Dr. Farber, chairman of the library commission, last week submitted his resignation or intention of asking the city council for a leave of absence in order to take a business trip to Europe. A biochemist employed by the University of California Hospital, Farber indicated his tour was for professional research purposes.

According to Chandler, fellow commisioners urged Farber to ask for a leave of absence instead of resigning. The council was scheduled to review Farber's letter Tuesday evening.

POLICE VETERANS

Sgt. David Hansen, John Walsh Promoted To Lieutenant Rank

Chief of Police Roland A. Petrocchi today announced the promotion of veteran sergeants David A. Hansen and John D. Walsh to the rank of lieutenants in the Daly City department.

The pair, both high finishers on the qualifying examination, will assume their new responsibilities next week.

Hansen has been assigned to the inspectors division, while Walsh will assume command of the graveyard shift.

The appointments bring to three the number of lieutenants in the department. Lieutenant Bruno Conci supervises the swing shift.

Walsh, 42, lives at 50 Northgate court in Westlake. He has been with the local force 14 years. Hansen, 35, lives at 57 Garwood drive, and has 12 years of experience here.

Both men have had extensive background in the profession.

Born in San Francisco, Walsh, who goes by the first name of "Jack," has lived 41 years in Daly City. He attended St. Innatius High School and holds a bachelor of science degree from University of San Francisco. Graduating from USF in 1941, Walsh spent the next 4½ years in the U. S. Army. His duty included serving as personnel sergeant major of an ordinance battalion in England.

Joining the Daly City police department in 1947, Walsh performed the multifarious patrolman duties until January 1 of 1958 when he was promoted to sergeant. He supervised the patrol division two years, working as graveyard shift supervisor, and presently concentrates on records and administration.

Walsh's superior talent in police photography and fingerprinting, techniques he learned via FBI courses and penology training at City College of San Francisco and San Mateo Junior College, consistently has won awards and recognition for the Daly City department. He is a member of the criminology school faculty at City College, a part-time assignment he has held the past two years.

Jack is affiliated with Our Lady of Mercy Parish in Westlake, the USF Alumni Association, Knights of Columbus, California Identification Officers Association, California Peace Officers Association, and the Peninsula Police Officers Association.

Walsh's parents both were born in Ireland. He and his wife, the former Alice Sanders, a Daly City native daughter, have been married 15 years. Their children are John, 8, an Olympit School student, and Susan, 12, a fifth grader at Fernando Rivera School.

Hansen, who joined the department in 1949, is a graduate

MARY'S HELP TRANSFER GUARANTEED

State Board Ok's Very High Priority Hospital District

Re-location of Mary's Help Hospital to Daly City was accelerated last Friday by unanimous action of the State Hospital Advisory Council, meeting in Los Angeles.

The nine-member board, after hearing strong urgings by a north county delegation, authorized the creation of a new hospital service area which is guaranteed high priority for state and federal hospital construction funds.

The new service area encompasses Daly City, Pacifica, South San Francisco and all the unincorporated areas north of San Bruno. Without it, the north county hospital drive and Mary's Help transfer might have fizzled for lack of state and federal funds since the area presently is part of the Mills and Peninsula hospital district and therefore has low priority for construction funds.

The new north county hospital area serves a population of 110,000, and by 1980 the figure will be 235,000 residents.

The state board on Thursday last week at first balked at the north county proposal, insisting that the minimum population for such a new special area should be 250,000 by 1980. But individually and collectively, the north end group attending the key session convinced the state body of the need and urgency of their proposal.

Appearing before the state council were Lawrence Hoban, assistant to the administrator of Mary's Help Hospital; Mayor Frank Pacelli of Daly City, Dr. Robert A. Bilafer, North San Mateo County Medical Group (some 70 doctors); and William Kramer, executive secretary of the San Francisco Medical Association.

It was emphasized that north county hospital facilities today are woefully inadequate and that the transfer of Mary's Help, a planned 250-bed facility with an out-patient clinic, would be the first step in providing adequate medical service for inhabitants of Daly City, South SF, Pacifica and the smaller communities.

Mary's Help officials, who presently are negotiating for a minimum 15-acre hospital site in southern Daly City, estimate their proposed $10 million new facility depends on more than $5 million in state and federal Hill-Burton funds.

The state hospital board will convene again at Berkeley in May, at which session Mary's Help will introduce its application for Hill-Burton funds on the basis of adjusted higher priority via the new service area. It is expected that authorization of the Hill-Burton funds will materialize in September this year.

Meanwhile, Mary's Help officials are finalizing plans for a fund drive and their architects are completing drawings for the ultra-equipped hospital.

The existing Mary's Help Hospital at 145 Guerrero street in San Francisco has only 169 beds. The new facility would be one of the most functional hospitals in the Bay Area.

North county residents currently have at their disposal only 33-bed Kaiser Foundation Hospital in South San Francisco and tiny Junipero Serra Hospital in Colma.

The local delegation appearing in Los Angeles had the backing of the San Mateo County Board of Supervisors, the County Medical Association, the North County Mayors' Committee, North San Mateo County Development Association, and the San Francisco Real Estate Board.

Daly City Finance Director Joseph Arch added another "asset" to his personal financial ledger last Sunday. His sixth child and third son was born at Kaiser Foundation Hospital in San Francisco. The baby will be called Joseph James Arch.

TRUSTEES AWARD $301,200 BID FOR BEN FRANKLIN ADDITIONS

Mid-State Construction Company, lowest of five bidders with an asking price of $301,200, last week was awarded the contract for adding six classrooms and locker and shower room facilities at Benjamin Franklin School.

Awaiting final state approval of the bid, trustees also allocated $3400 of district money for fire system installations at Ben Franklin.

Supt. Richard Foster today said Mid-State should begin construction in about two weeks. The contract has a deadline of 180 working days. The school then will have a total of 37 classrooms. Architect for the additions is Angus McSweeney.

Other bidders for the project were: Martinelli Construction, $307,800; P. Sartorio, $313,116; Stevenson Pacific, $313,531, and Stenmark Construction, $332,280.

In another major action last week, the board approved McSweeney's final plans for Franklin Delano Roosevelt School, to be erected in Westlake Unit 11. Nineteen classrooms and two kindergartens are planned, and the job will be put out to bid this November. Completion is expected by September 1962.

Riordan was released after he responded satisfactorily to treatment at the hospital.

of Crocker Elementary, Jefferson High School, City College of San Francisco, and is working towards his bachelor's degree in public administration at San Francisco State College.

During World War II, Dave served with the Third Marine Division in the Guam and North China theaters of operation. In August of 1950, he was recalled to active duty with the First Marine Division and participated in the Inchon landing and combat operations around Seoul. Awarded the Purple Heart (he was wounded in Korea), Hansen presently is a master sergeant in the National Guard reserve.

Dave's parents are Lee and Florence Hansen, Danish-descent residents of 297 Acton street, Daly City. They have lived here since 1939.

Hansen's wife is the former Rosemarie Sundstrom. They have three daughters, all students at Our Lady of Perpetual Help School — Kristine, 12, Kathryn, 10, and Karen, 7.

Petrocchi said appointment of a new police sergeant should be forthcoming within two months.

Rapid Transit

(Continued from Page 1)

will provide a 119-mile network of tracks extending north from San Francisco to Santa Venetia in Marin County and south through San Mateo County to Palo Alto in Santa Clara County on the west side of San Francisco Bay. On the east side, transit lines will radiate north from Oakland through Berkeley to Richmond, east to Concord in central Contra Costa County and south through Hayward to Fremont.

Tying together the entire system will be a four-mile underwater trans-Bay tube which will connect the subway complexes in downtown San Francisco and Oakland. This segment of the system will be financed from surplus automobile tolls on the Bay Bridge.

Operating through the system's 52 stations will be 80-mile-an-hour trains which will maintain an average schedule speed, including stops, of more than 45 miles an hour—more than twice as fast as any existing transit system. Train headways during peak commuting hours will be as frequent as every 90 seconds.

Parking facilities at 38 of the 52 stations will provide space for 43,000 automobiles.

If approved by the voters in June, 1962, major segments of the system could be in operation as early as 1967.

Personnel Board Adopts 3 New Duty Statements

Sidelined for several months by a heart attack, chairman Mel Battye of Daly City's Personnel Board returned to a full agenda last Thursday night.

The main actions included a public hearing and adoption of new duty statements for the jobs of purchaser-license inspector, central serviceman and central serviceman supervisor.

The board also was unanimous for extending the probationary period for new employees in all departments from 6 to 12 months. The police department is the lone department requiring the 12-months probationary period at present. On promotions, the probationary period for all city departments is six months.

No action was taken on the proposal to restrict fire department applications to residents of Daly City.

Continued discussion of changes in civil service regulations will be held at the March 9 personnel board meet.

One amendment to the civil service ordinance (No. 203) approved last week changes buyer Bob Evans' title and duties. Originally assigned to the city manager's staff, Evans' new job will be called purchaser-license inspector and his functions will come under jurisdiction of the finance office. He will continue to obtain quotations on city materials and supplies and also will be in charge of business license inspections. The title change does not affect his salary.

An opinion from City Attorney Paul Hupf confirmed the legality of the shift involving Evans, according to Asst. City Manager Phil Brown.

The personnel board received two letters of commendation last week, from citizens, citing the efforts of Police Officers Art Linhares and Tom Culley. Lindhares and "unidentified Daly City firemen" were praised for their roles in an accident case, while Culley was singled out for superior performance in the apprenhension of a would-be bandit at Broadmoor Shopping Center, according to Brown.

The board assigned "back to business" Battye as their representative on March 9 when the oral examination will be given for the position of street leadman.

Approach all crossing with caution, advises National Automobile Club.

Facts On Income Tax

(A public service of the Society of California Accountants).

Taxes, generally, to be deductible, must be imposed on you, and you must have paid them. Common types of deductible taxes are: state and city sales taxes, state income taxes, personal property tax, real estate tax, automobile license fees, unemployment insurance contributions in some states, state capitation or poll taxes, and state gasoline tax.

You can deduct your state gasoline tax on every gallon of gasoline you purchase, but not federal gasoline tax.

The code specifically states you cannot deduct the following types of taxes: federal income taxes, federal excise taxes, (such as telephone, telegraph, cosmetics, furs, jewelry, luggage, theatre and amusement taxes, transportation taxes, etc.) federal stamp taxes, estate and gift taxes and taxes assessed for local improvements which tend to increase the value of your property. Federal Social Security taxes, hunting and fishing licenses, and dog licenses are not deductible.

Taxes are deductible only if you itemize your deductions on long form 1040 or 1040W.

* * *

A Public Service of the Society of California Accountants Interest, not in connection with your business or rental income, is deductible only if you report on long form 1940 or 1040W and itemize your deductions.

Carrying charges not in connection with your business or rental income can be deducted as interest as follows:

The deduction is computed by taking 6% of the sum of unpaid balances under the contract at the beginning of each month in the taxable year and dividing by twelve.

In other words, take the amounts you owed at the first of each month and add them up. Then take 6% of this figure and divide that by twelve to get your deduction.

Some interest is not deductible and that is: interest paid on money borrowed to purchase wholly tax exempt securities; single premium life insurance or endowment contracts; interest paid where you are not legally liable for the payment; and interest added to the principal of a life insurance loan.

In computing the amount of interest on your mortgage or other installment contracts you should be sure that you are deducting only interest — not taxes, insurance, etc.

500 Homes Due In Monte Verde At San Bruno

Extensive grading having been completed, the Stoneson Construction Corporation has now started to build model homes in their newest development, Monte Verde. The new development is situated in a 150-acre area, bordering Skyline boulevard in San Bruno, and adjacent to Rollingwood. Some 2½ million yards of earth were moved during the grading process.

According to Arthur F. Schumacher, president of the Stoneson Construction Corporation, the land will be developed for some 500 Stoneson homes. The Monte Verde subdivision, which stretches some 3,000 feet along Skyline boulevard, will include a wide selection of models — California ranch type, contemporary and traditional. Full basement homes will also be available. The homes will be 3-bedroom, 2-bath and family room structures with oversized 2-car garage — also spacious electric kitchen. Prospective purchasers will be offered the widest possible selection of both interior and exterior arrangements, including a choice of complete electric built-in kitchens. Used brick will be employed extensively, both inside and out. The new homes will be in the $20,000 - $24,000 price range.

In the past 35 years, the Stoneson organizations have constructed some 10,000 dwellings of varying price range in the Bay Area, including the highly fashionable Lakeside in San Francisco, and the huge Broadmoor Village development and shopping center. Millbrae Meadows, a development of over 1,000 homes, is recognized as one of the finest in northern San Mateo. The world famous regional residential-shopping area, Stonestown, is considered one of the finest single developments in the world.

The firm is currently building $25,750 - $37,000 homes in Meadow Estates, Millbrae; $25,750 - $27,750 homes in Sleepy Hollow, Millbrae; in Stonecrest, San Jose, ranch type homes in the $17,000 - $18,500 class, and in Parkwest Gardens, Hayward, $17,000 - $19,000.

'Impatience' Cause Of Many Auto Accidents

That patience should be among the attributes of a careful driver is emphasized by the number of accidents resulting from right of way violations, California Highway Patrol Commissioner Bradford M. Crittenden pointed out this week.

"Right of way violations were responsible for approximately one of every seven accidents in Patrol areas last year. They were the second leading accident cause.

"There are two primary reasons; impatience, which propels drivers into danger situations they ordinarily would avoid, and carelessness in judgment of such factors as the speed of oncoming vehicles or cross traffics," the commissioner said.

"The driver who illegally usurps the right of way always endangers at least two persons, himself and the driver who actually had a right to the road at that moment.

"Patience in making maneuvers which occasionally prescribe a few moments wait, such as left turns and entry onto busy streets, and careful judgment of movements which take your automobile through the normal path of another vehicle, pay a two-fold dividend," he said.

"You protect not only the other driver, but yourself, from serious injury or death."

The Daly City Players will hold final tryouts for the play "Champagne Complex," this Thursday, February 16, in the War Memorial Community Center at 8 p.m., and on Friday, February 17, in the Music Room at Benjamin Franklin School, also at 8 p.m.

Legislators Begin Study Of Calif. State Budget

Budget time is usually headache time for legislators. In that respect this session promises to be no different from its predecessors. As always, they will have to struggle with fixed charges, uncertain revenues, need to expand service to meet population growth, and demands for new or improved service.

A surprise to some, the total budget requested by the Governor was less than had been anticipated, slightly less than $2.6 billion. The increase over the figure for the current year is about 4.5 percent, the smallest rise in recent years of comparable budgets. Termed "narrowly in balance," the budget calls for no new taxes.

Two legislative committees which have responsibility for the State's expenditure program, the Senate Finance and Assembly Ways and Means groups, are now busily reviewing the details of the budget, which once more will be the nation's largest. They will again be assisted by the legislative analyst and his staff, who will devise as many suggested economies as possible. The budget requests will be supported by department of finance spokesmen as well as by those of the departments involved.

Once again the committees' efforts will be hampered by the fact that two-thirds of the budget total is fixed by either the State Constitution or statute, thus curtailing legislative authority to control spending. Many believe that greater power over money matters should be restored to the Legislature so that a more equitable balance between income and expenses may be achieved. Some strongly urge that the entire Constitution be revised, shortened and clarified to make this balancing possible.

Once again, education in all its State-supported forms will take the largest share of the proposed budget, 41.5 percent. Highways, vehicle safety and regulation come second, at 20.9 percent. Third come social welfare and health, at 12.3 percent. Mental hygiene and corrections will absorb 8.5 percent. Conservation and natural resources, 6.4 percent. Bringing up the rear are general and fiscal administration, 1.7 percent, and all other functions, 8.7.

One thing is sure, and that is that the final budget situation is not limited by legislative action on these requests in the formal fiscal document. Many other measures affecting the amounts we taxpayers must pay for our California government are being introduced every day. All must be considered and evaluated in terms of their effects on the state financial picture.

Several bills to cut taxes of various kinds are already before the legislators. A few to increase certain taxes have been dropped in the hopper. The fate of such measures seems problematical just now, since they are caught between the opposing pressures of those who believe existing taxation is too high, and those who want additional service.

Many proposals for more liberal welfare grants, broadened medical care programs, and increased educational allocations will be lined up against other demands for revenues from the general fund. Bills which would increase worker benefits in all categories will also present their problems as to finance.

It now looks as though it will be several months before the committee of either house completes its review of the budget and reports it to the floor for action. In the meantime, members of both will undoubtedly put in long hours of painstaking investigation to help in developing the most practical and economical budget possible under existing

MARY'S HELP Hospital got "the" big boost Friday when the State Hospital Advisory Council agreed to establish a new north county hospital service area that will be entitled to state and federal funds almost immediately after application is made.

The entire north county will benefit when Mary's Help erects a $10 million hospital in Daly City. The transfer should rank as one of the most significant Peninsula achievements in the 60's.

ATTENDANCE at last week's Mission street rehabilitation meeting was very encouraging. Almost three dozen merchants and property owners heard City Hall proposals for giving the area better parking facilities, traffic improvements and new buildings to stimulate business.

Realization of the long-range project, of course, depends on the merchants. The city does not own the property and consequently majority support from the merchants is essential.

DEDICATION of Daly City's new main library, this Sunday at 2 p.m., figures to attract a considerable throng.

It would be fitting for patrons to remember the efforts of the Friends of the Library, a group of culture-conscious individuals who have worked to give the community more "identity."

SEEMS AWKWARD there are so few candidates for school trustee. May be this should be expected. Attendance at the twice monthly school board meetings is extremely poor — testimony to either confidence in the present administration and trustees, or usual public apathy in sustaining interest in school affairs.

UNIFICATION of local school districts is more than on the "distant horizon." According to state law, California's school districts must effect major unification (mergers into single administration districts) by September of 1963.

South San Francisco School District is unified — both elementary and high schoolers are governed by the same administrators and board of trustees.

DOWN at Jeff High, Coach Mike Orlich added "aches" to his "jitters" Monday when an old tooth had to be yanked from the jaw of the basketball professor.

Mike's jitters are understandable. His team battles unbeaten Capuchino here Friday night. A win for Jeff would give the Indians at least a tie for the Peninsula championship.

T. P. Coyne, your Telephone Manager in Daly City

If you should phone Paris, London, or elsewhere in Western Europe in the next two or three years, there's a good chance your call might go by way of a satellite. That's how fast things are happening in Bell System experiments with communication satellites.

A network of 50 satellites might someday bring you live TV from anywhere on earth as well as carry phone calls.

Our engineers hope to have the first of these satellites in experimental use before the end of the year.

The skills and knowledge called for in this pioneer activity also provide you with the finest telephone service in the world.

I'll bet there's not a housewife anywhere who sometime or other hasn't found she lacked an ingredient for a recipe she was preparing. Or, for that matter, I wonder how many husbands have the right size washer on hand when they try to fix a leaky faucet.

The men who install telephones avoid situations like these by carrying a full assortment of parts and tools right with them. Their trucks are really tool chests on wheels, stocked with some 400 different items. They're prepared not only for everyday jobs, but for most "unexpected developments" as well.

No, that's not an electric shaver the man is holding. It's an electronic larynx to help those who have lost their power of speech. It can substitute for vocal cords for a person whose larynx has been removed or paralyzed.

To use it, one holds it against his throat and forms the sounds of words with his mouth as in ordinary speech. The only difference is that the sound waves are produced electrically. A finger control lets the user vary the pitch of the sound produced for more natural sounding speech.

The electronic larynx is a development of the Bell System and is sold on a non-profit basis. If you would like more information, please call our business office.

'Fantasy Daze' Plans Revealed

Plans are gathering momentum for "Fantasy Daze," scheduled on April 27.

Raymond Forcina, general chairman for Our Lady of Mercy's biggest fund-raising event of the year, announces that once again, Bruno Scatena, proprietor of "Joe's of Westlake," has offered to serve the Saturday night festival dinner.

Parishioners are also reminded that the major investment tickets have been mailed to all families in the parish, and Mrs. Clifford and William Creeggan, joint chairmen in charge of the major investment, urge everyone to make his return as soon as possible in order to qualify for the incentive awards, one to be awarded every three weeks.

Directory chairman, Mrs. James McHugh and Robert Wagner, again ask that those still wishing to place a last-minute ad in this year's parish directory may do so by calling Mrs. McHugh, PL 5-9725 or Mr. Wagner, PL 6-0379.

Funds raised from the festival are to be used for the addition of a second school for the children of the parish, and with this goal in mind, committee members are sparing no effort in making this year's festival an even greater success than in previous years.

12th District President Visits DC's Old Glory Ladies Auxiliary

Daly City's Old Glory Post No. 2044 and its ladies auxiliary, Veterans of Foreign Wars were honored by a visit, at their last meeting, from Rose Fisher-Bostick, 12th District president. The auxiliary was especially yleased with the generous turn out for its luncheon-bazaar and toy sale, held at Masonic Temple in Daly City. Mrs. Emma Porter, senior vice president in charge of this affair, was most appreciative of the auxiliary sewing work, as well as the wonderful assistance given by many Daly City, Colma, and Westlake residents who participated. Old Glory Post men assisted the ladies that day, under the direction of Commander Peter J. Becker.

President Catherine Albertus is pleased with the "Adopted Sister" project. Ann Walters and Emma Porter have made frequent visits to a patient in the Menlo Park VA Hospital, a girl who has no family or friends close enough to visit her, during the many months of her confinement. The auxiliary has taken care of her wardrobe needs, and have escorted her to town for luncheon and shopping trips.

Chaplain Pat M. Fawcett, who is also community service chairman for the auxiliary, had to cancel out the monthly senior citizen luncheon and games, due to a fractured ankle. She is again very much on the move, though the leg will be in a cast for several weeks.

On February 16 at 8 p.m., in the Coral Room of the Daly City War Memorial building, the unit's business meeting will be held. Post members will join the ladies for refreshments after the meeting. The next 12th District meeting will be held on February 26, opening at 9:30 a.m. in the War Memorial building in Spreckles, California (a few miles from the city of Salinas). Representatives from Old Glory Post and the auxiliary plan to attend the banquet honoring State Commander Jack Schweizer, the evening of February 25 in Spreckles. Department President Dorothy Linde will also be present at the banquet. These district meetings are held once every three months. This District extends from Daly City as far south as King City and has 35 auxiliaries.

Tentative plans have been made to have past commanders and past presidents of Old Glory Post and Auxiliary convene for their annual dinner on March 18 at the Westlake Bowl. The annaul "Pet Parade" will be discussed at the February 16 business meeting. Nomination and election of new officers will be held in March.

Any resident of Daly City-Westlake, St. Francis Heights, or the outer Mission district is eligible for membership in the Veterans of Foreign Wars.

South San Francisco Women's Club Sees Films On Chrysanthemums, Roses

Color movie films featuring chrysanthemums and a discussion on pruning roses were the interesting highlights of a recent meeting held by the Garden Section of the South San Francisco Woman's Club at the home of Mrs. Harry Leitner.

The movie films were obtained from Reginald Swatman of San Francisco, a successful amateur cultivator of all varieties of chrysanthemums. He delights in sharing his enjoyment by inviting garden groups to open house when his flowers are at the height of their blooms.

Mrs. Fred Curtis, member of the section, led the discussion on pruning roses, followed by a visual and practical demonstration. She is an ardent gardener whose green thumb is proven by her abundant garden and house flowers and plants.

At the end of the meeting, each member enjoyed her own "nose bag" lunch while coffee and dessert were served by hostess Mrs. Leitner and co-hostess Mrs. Carmelo Imprescia. The day's hostess gift was awarded to Mrs. Blanche Ostrander.

Those attending the meeting were special guest Mrs. Norman Catron, and the Mesdames John Cotrozos, Fred Curtis, James Davis, Elwood Freeman, Andrew Hynding, James Howard, Carmelo Imprescia, Harry Leitner, Mollie Lunberg, Blanche Ostrander, Eva Peltier, and Emily Sheafe.

The next regular meeting will be on Thursday, February 23, at the home of Mrs. Curtis, 123 Mulberry avenue, with Mrs. Peltier as co-hostess. At this meeting Mrs. Curtis will introduce for general discussion the cultivation and care of fuchsias and pelargoniums.

ENTHUSED THRONG AT MARK HOPKINS

Holy Angels' Women Say 'Cherry Blossom' Fashion Event 'Best We've Had'

The harsh tone of an oriental gong and the sweet strains of the "March of the Siamese Children" from the "King and I," ushered the fifth annual fashion show and luncheon presented by the Holy Angels' Woman's Guild of Colma, on February 4 at the Mark Hopkins Hotel.

The Peacock Court and the Room of the Dons were filled with 875 members of the Guild and friends who were greeted and shown to their tables by hostesses costumed in vivid and exotic oriental dress. Their makeup and hair styles also carried out the oriental theme of the event, "Cherry Blossom Time."

On the tables bloomed delicate sprays of cherry blossoms, and exquisite fou-fou trees added to the matchless beauty of the decorations created for the affair by Mrs. A. Teglia and Mrs. S. Goin. Programs designed after shoji screens were at each place and were in the same delicate pink as all the table decor.

Fifteen models paraded down the runway in a glamorous display of gowns and furs from Livingston Bros. Miss Peggy Murphy, daughter of Mr. and Mrs. Vincent Murphy, was the junior model of the show and delighted the audience with her sweet manner of presenting the little girl's fashions included in the showing. Outstanding gowns modeled by members of the Guild were a Royal Blue "King and I" satin sheath, worn by Mrs. Frank Molinari, an imperial cocktail dress by Jane Andre, modeled by Mrs. William Varni, and a dynasty silk shirtwaist in sun dazzle yellow, shown by Mrs. Fred Revetria.

Oriental background music was provided by the Eddie Harkness orchestra.

A delicious luncheon preceded the showing of the fashions, complimented by Mark Hopkins ice cream cake and rasberry sauce for dessert.

Highlight of the afternoon was the awarding of investment prizes. Excited winners were Mrs. C. Navarro, who received the merchandise order to Livingston Bros.; Mrs. J. Grealish, who won the 17-inch RCA portable TV, and Mrs. R. Hunter, who was thrilled with the electrict rotisserie.

Mrs. George Ellis, president of the Guild introduced Mrs. T. J. Gaffney, chairman of the affair, and the Rev. Father Thomas Farrell, pastor of Holy Angels Church.

Mrs. Gaffney termed this year's event "the most successful the Guild has presented" and thanked her co-chairman, Mrs. Philip Chocran, and all the members of the Guild "who had worked so diligently to make it a truly memorable event in the Guild's history."

HONORED at recent Golden Jubilee dinner of the Peninsula Council of Camp Fire Girls were (left to right) Mrs. Ernest Draves and Mrs. Arthur Waldvogel of Daly City, and Mrs. Arthur Partlan of Montara.

It's News To Vets

Q—I hear that men being discharged from military service have a one-year deadline from date of discharge for applying for VA dental treatment. Is this true?

A—Generally, yes, for VA outpatient dental treatment, for which the dental condition must be service-connected. But there are a number of exceptions. These include veterans drawing compensation for dental conditions, those whose dental conditions resulted from service injuries, and former prisoners of war.

Q—Can I get transportation to a VA domiciliary?

A—As a rule, transportation to a VA domiciliary at Government expense is provided only for the initial admission.

Q—I know a wife may be buried in a national cemetery if her veteran husband is already buried there. But what if the wife dies first?

A—A veteran who assures cemetery officials that he intends to be buried in a national cemetery may make arrangements for his wife to be buried there if she precedes him in death.

Q—Where does one write to secure information about state bonuses to veterans?

A—Write to the State Capitol in the state concerned. Do not write the Veterans Administration about state bonuses as they are administered soley by the individual states.

Court St. Mary Ladies Busy With Charitable Work

Members of Court St. Mary No. 1155, Catholic Daughters of America are keeping up a busy schedule of charitable activity this year.

In full swing are visits to the San Francisco General Hospital in conjunction with the Court's social welfare program under the capable leadership of Mrs. Louise Barnard.

A series of meetings took place with Mrs. Arthur Dikas, Grand Regent of the Court, and volunteer members Mrs. Laurence DeFanti and Mrs. Joseph Powers, along with Mrs. Barnard, to determine where need was greatest in the capacity the Catholic Daughters could fulfill. After visiting various institutions in San Francisco to receive an idea of the help that is needed in each one, the committee decided to concentrate on giving a voluntary helping hand at San Francisco General Hospital.

After many hours of preliminary planning, Mrs. Barnard devised a scheduled suitable to to the hospital needs and time available to the participating members, each of whom donates two hours of time monthly.

The initial visit to the hospital was made by Mrs. Katherine F. Stoesser on January 16. Being unduly impressed, and having time available to be of extra service, she now donates four hours weekly in this work.

The following ladies comprise the six individual teams now participating: Mrs. Arthur Dikas and Mrs. Margaret Morey, Mrs. Delia Kelly and Mrs. Nellie Moran, Mrs. Fred J. Wettstein Sr., Mrs. Charles Wettstein; Mrs. Warren Steinbach, Mrs. Joseph Jowers, Mrs. Una Mae Kulik, Mrs. Timothy Christen, Mrs. Curtis Collins and Mrs. DeWitt Brunson. Mrs. Vera Zaro and Mrs. Barnard serve as alternates. All have now made their initial visits and acquainted themselves with the work and are ready to be assistance each month.

The Little Sisters of The Poor, home for the aged poor on Lake street in San Francisco, is also visited each Tuesday from 9 a.m. to 12:30 p.m., by Mrs. Barnard and Mrs. Joseph Powers, who give their assistance in the laundry room with the folding, mangling and mending of clothing.

On Wednesdays each week the social welfare chairman donates a full day of her time to the Alemany Senior Center which meets in the auditorium of St. Paul's Church at 29th and Church street. She recently was re-elected to serve as secretary and treasurer of the Center.

The past few months she has been joined by Mrs. Powers in the work at the Senior Center. Mrs. Powers, also of Court St. Mary, was elected to vice president of the Alemany Senior Center, and presently also gives her Wednesdays to the work of promoting cheer and happiness to the elderly.

At the last business meeting of Court St. Mary's Mrs. Barnard reported a modest total of 531 hours of voluntary work given to the social welfare program the past year, along with the distribution of over 3000 pounds of clothing to needy families and to the Little Sisters of The Poor.

Volunteers Needed To Teach 'Shut-ins' Arts, Crafts Hobbies

An urgent need for volunteers to teach arts and crafts, such as painting, ceramics, basket-weaving, knitting and sewing in nursing homes throughout San Mateo County has been announced by Miss Nancy Webster, registered occupational therapist at Campbell's Sanitarium.

Miss Webster is inaugurating the arts and crafts program as part of the "restorative services" project, made available through United States Public Health funds, and now being conducted in the nursing homes under the auspices of the Health and Welfare Department of San Mateo County. The aim of the project is to increase independence as well as physical comfort among the shut-ins.

Volunteers with a knowledge of a craft and time to spare are asked to contact either the Volunteer Bureau of San Mateo County, DI 2-0801, or Miss Webster at LY 3-3139. It is Miss Webster's opinion that hobbies would not only do much to activate shut-ins but immeasurably brighten their mental outlook.

'Memorial Gifts' Used For Cancer Research Projects

An increasing custom—that of the living memorial—is bringing greater returns in life saving in San Mateo county, today reported Mrs. Edward H. Jenanyan, president of the local branch of the American Cancer Society and vice president for the statewide organization.

Each year many who have lost friends or loved ones to cancer, send a memorial gift to the society in memory of the deceased—and the proceeds go to promote research and public education.

Mrs. Jenanyan emphasized, "The memorial gift to the American Cancer Society is a thoughtful gift—a living memorial. This tribute to someone loved means others are helped."

The memorial program began as a means by which individuals, firms and organizations could send a remembrance in honor of those who died of cancer or other causes. Today, an ever-increasing number of people make regular contributions to this fund without a specific memorial in mind.

Every memorial, whether large or small, goes directly into the fight against cancer. Each gift helps support a vast cancer research program, saves lives through public education; and provides services to those stricken by cancer.

Deductible for tax purposes, every contribution is acknowledged with an official receipt to the donor. Immediately upon receipt of a gift a memorial card is sent to the family or person selected, bearing the name of the person honored, and the name or names of the donor. The amount of the gift is never indicated.

Christmas Seal Funds Still Short Of Goal As Deadline Approaches

Christmas Seal funds raised by the Tuberculosis Association are still $10,000 short of last year's total, according to Louis F. Colagiovanni, campaign chairman. "We are relying on late contributors to bring the total up to the amount needed to continue the program without curtailment. Our fiscal year doesn't close until March 31 and we hope all our friends will send in their contributions as soon as possible."

Supporting Colagiovanni's plea, Mrs. Roy Cloud, president of the Tuberculosis and Health Association, said that the X-ray screening activities of the Association play a major part in maintaining the health level of San Mateo County residents. "Educating the public to the idea that 'an ounce of prevention is worth a pound of cure' is the core of the TB public information and case finding program," Mrs. Cloud continued. "We advise people to check their health status annually by visiting their doctor for a physical examination including a tuberculin test or chest X-ray."

Preliminary reports on the results of last year's X-raying in San Mateo county turned up 369 X-rays that were suspicious for various types of chest disease. Although all reports are not in, Mrs. Cloud announced that five new cases of tuberculosis, eight lung cancers, eleven tumors and cysts have been diagnosed. In addition, 43 heart conditions were found, many of which were previously unknown.

"Not only does the Association operate the Chestmobile throughout the county, but it also keeps a complete file of all films taken on the unit since 1951," continued Mrs. Cloud. "Old X-rays are particularly valuable to physicians in diagnosing present lung ailments as they provide a basis for comparison with current films. More than a quarter million X-ray films and records are immediately available to physicians requesting them. These programs cost money," Mrs. Cloud said, "and we need everybody's help if we are to reach our goal.'

Jeff Tackles 'Perfect' Capuchino In Title Showdown!

INDIANS VOW UPSET!

Molossi & Mates Host San Bruno 'Untouchables'

Jefferson High's varsity cagers will shoot the works here this Friday night against seemingly unstoppable Capuchino in a contest that should produce the Peninsula League champion.

Ranked third in all of Northern California, the invaders had a 9-0 league record entering this week, while Coach Mike Orlich's Indians were 8-1. Jeff's only loss was a 68-48 verdict to Capuchino on January 20.

Local court fans can expect one of the finest contests in Peninsula history this Friday. The lightweight teams open the action at 7:30 p.m.

Capuchino's Randy Rothman, Bob Turner and Greg Rodgers are as good as any prep performers in the state. The Mustangs have all the ingredients—size, ruggedness and cohesion as a unit. Any one of the five Capuchino starters is capable of hitting double figures. And when all five are "hot," it's murder for the opposition.

Jeff likewise has balance, and maximum "desire" to upend the front-runners. Their first encounter with Cap in January found the Indians "off" their game. They just weren't hitting, while the Mustangs executed their usual racehorse pace.

Last week Orlich's aggregation nipped Hillsdale, 53-52, and Burlingame, 51-48. Gary Molossi, Jeff's ace in the hole, led the barrage against Hillsdale, knocking the Knights into third place, with 19 points. Bobby With and Hiram Sibley of Jeff each tanked 10 points in that one.

With was high pointer against Burlingame, with 14, while teammate Alan Lee got 10.

Capuchino, meanwhile, last week continued to steamroll with routs over South San Francisco and Mills. The San Brunans broke every Peninsula record on the books in shattering South City, 94-46, and two days later clobbered Mills, 75-50.

Rothman is Cap's main threat, but Turner and Rodgers are equally skillful from any distance. And the Mustang reserves are tops.

Jeff's big five—Molossi, With, Lee, Sonny Stoller and Hiram Sibley will have to be at their sharpest Friday if Capuchino is to be toppled. The Mustangs particularly will "hound" Molossi, but Gary's mates could break loose and give the invaders a full run to the wire.

"Run" is no exaggeration. Both clubs pound the hardwoods with exceptional speed.

Jeff warmed up for the titanic Wednesday against Mills, while Capuchino hosted Burlingame.

If Capuchino wins over the Indians, the Mustangs could finish with a perfect record.

Cap plays at Westmoor next Tuesday and Jeff travels to San Mateo. On Friday, February 24, San Mateo invades Cap and Jefferson entertains stubborn Westmoor. Final league action on Friday, March 3, finds South SF at Jeff and Capuchino at Hillsdale.

THE Peninsula League title is at stake this Friday night here when Jeff High's varsity cagers (above) tangle with Capuchino's unbeaten squad. The Indian starters (front row, from left): Bobby With, Alan Lee, Hiram Sibley, Gary Molossi, Sonny Stoller. Standing: Coach Mike Orlich, Tom McEntee, Bill Sarris, Larry Keeling, Gary Bonini, Bob Brush, Dan Boden, Richard Reitz, Mike Kennedy.

Powerful Roadster

Local Florist Enters His Record-Breaking Car In Oakland Show

George Bignotti's world's record breaking Indianapolis speedway roadster will be a special exhibit during the 1961 National Roadster Show, February 17-26 at the Oakland Exposition building.

More than 125 fabulous sports cars, fantastic hot rods and glamorous custom cars will be entered in regular display competition during the ten-day Oakland event, according to show manager Al Slonaker.

Designed to glorify individual car-building efforts, the annual show will be augmented this year by a special section featuring experimental models like Bignotti's vehicle.

The roadster holds the world's speedway record of 176.886 m.p.h. set on the two-and-a-half-mile track at Daytona Beach.

Its novel appearance results from the new-style "slant engine" mounting of a 425-horsepower Meyer-Drake engine set only 18 degrees from parallel to the ground.

"The low front silhouette gives a 'small car' feeling, making it easier to judge distance and drive in speedway traffic," Bignotti pointed out.

The Daly City florist's roadster is driven by A. J. Foyt, who won the USAC championship last season.

The low-slung roadster has a 96-inch wheelbase and only three-and-a-half inches of track clearance. Roll bars and rear bumper are required accessories.

After the Oakland show, Bignotti plans to start racing the speedy vehicle when the Eastern season opens April 6 at Trenton, N. J.

It also will appear at Indianapolis for the 500-mile Memorial Day event where Johnny Boyd drove it to a sixth place finish two years ago.

Show hours for the Oakland event will be from 6 to 10 p.m. weekdays and from 1 to 10 p.m. on Saturdays, Sundays and February 22, George Washington's Birthday.

STANFORD COACH DEMOLAY DINNER GUEST SPEAKER

Jack Curtice, head football coach of Stanford University and president of the American Football Coaches' Association, will be the speaker of the evening at the annual Father and Son Dinner and Sport Night to be given by Islam Chapter, Order of De Molay.

A buffet dinner starting at 7 p.m. in the Richmond Masonic Temple, Arguello boulevard and Clement street, on Friday evening, February 17, will start the evening program, according to Robert B. Frank, master councilor of the chapter.

Terra Nova Athletes Are Young, But They Have Winning Hustle

Terra Nova High's rapidly improving basketball team lost a close 54-48 contest to Capuchino's JV's, but bounced back for their second win of the season with a crushing 57-23 decision over the South San Francisco JV's.

A scoring lapse in the third quarter against the Mustangs nullified a strong Tiger finish in which they outscored the Caps, 16-14. Half-time score stood in Capuchinos favor, 25-21.

In this contest, Manuel Pick and John Kelly tied a school individual single game scoring record established by Dennis Caruthers a week earlier, when they each hit for 14 markers.

Two days later, on February 3, the Tigers toyed with SSF, compiling a 30-13 midway lead, then a 43-17 margin, after which Coach Rich Burt substituted freely.

Dewey Melton completely shattered all scoring marks in this one, hitting for 19 points. Caruthers and Pick each had 11.

Terra Nova meets Terra Linda there this afternoon.

Although track Coach Dennis Lanterman, looking to his February 22 opener against Mills, is reluctant to name names or become overly enthusiastic about his prospects, he does concede that he has a team with potential.

At the present, says Lanterman, who has been having difficulty in making true evaluations because of poor weather, team strength seems to lie in the middle distances and in the weights.

If Lanterman hasn't named names, wrestling Coach Roger Miller has. After something like eight inter-school and several intra-squad matches, some outstanding individuals have emerged.

Bob Evans, who was the Terra Nova football squad's most valuable player, has been exceptional in the 191-pound class, as has Bob Simmons, another big boy at 175.

Russell Radcliffe and Jim Boyette, another outstanding footballer, have done well at 139 pounds, along with Hal Kohrberg, who wrestles at 133.

Among the little guys, Don Vermillien and John Snyder (112) have been making themselves known. Vermillion was especially singled out by Miller as a boy with tremendous potential.

It's SPARE TIME
at Westlake Bowl

By JIM GREALISH

At 12:45 p.m. on Monday last week, Mrs. Jerry Fisher entered the nursery at the Bowl with son Richie. Little did she realize that he was child number 20,000 in the nursery since the Bowl opened twenty-six months ago, and as such both he and mom will be the recipents of prizes at ceremonies next week.

Doris Cunningham was the winner of the first Powder Puff Derby for February, rolling a 628 series including her handicap. This total entitled her to a cash award as well as a trophy. The second Derby for February will be held at 1:15 p.m. Monday, February 20.

Last weeks' "Giant Killer" was young Steve Hargrove with a tremendous 592 series. Although he stands only 4'7" and weighs 80 pounds he was the master of the situation as he approached the magic 600 mark. With a total of 404 for the first two games, he developed a large rooting section as he rolled through the third game. An unfortunate split prevented him from attaining the prized 600 series.

The collection of a Friday night jackpot is becoming somewhat routine. Two weeks ago Boyd Hillyer rolled five consecutive strikes to collect $723.40, while a week later Bud Tripidi did the same thing to collect the new jackpot of $200. Although both bowlers average in the 150's, they had no difficulty stringing the five strikes necessary to collect the jackpot.

Monday, Tuesday and Wednesday, February 27, 28 and March 1, are "Beginner Bowler Days" at Westlake as Rick Dreier presents a three-day session for the many new bowlers of the Daly City area. With a program of explanation, discussion, movies and both group and individual instruction planned, these free periods will present an opportunity for new bowlers to learn the fundamentals of this rapidly expanding sport.

Entries in the current Westlake Handicap Doubles continue to exceed expectations. New leaders were Jack McNelly and Boyd Hillyer who shot a total of 1333 to pass Dolly and Gil Thielen by eleven pins.

Jerry Lee Morris of the Bantam (8-12 years) Girls League captured a high game award with her 150 game, while Jim Fisher with 227 and Joe Marasco with 235 continued to show their elders that the time is rapidly approaching when the next generation plans to take over to top scoring sopts.

The Wednesday morning A-1 Nursery Late Night Owls League bowlers had reason to cheer one of their members last week as Tom Dillon bowled eight consecutive strikes on his way to a terrific 269 game. The members of this league, all of whom work evenings, have a highly competitive session every Wednesday morning.

Carol Bacciocco achieved a goal last week in the Wednesday Morning Glories League as she earned her first 200 pin with a fine 214 game.

Again with the Juniors, John Sievert who two weeks ago broke the Westlake Bantam record for high series with 521 bounced back last week with an admirable 478 effort.

Bonnie Greer of the Broadmoor American Legion Post League made husband Bill sit up and take notice last week with a 589 series, including games of 204 and 212. The Thursday night "eight ring circus" from Post 824 has produced many excellent scores during the past few weeks.

Junior Director Bob Sexton reports that many parents have registered to accompany their sons and daughters to Monterey on Sunday, April 30, for the second annual Nor-Cal Junior Championship. It begins to look as though there will be two busses from Daly City.

Most of the men's league teams are preparing for the BPAA Team Handicap Tournament starting February 27. Last year the 101 Club team, led by Primo Liberatore and Fred Thompson, qualified for the Los Angeles regionals but failed to make the National Rolloffs. This years regionals will be held in San Carlos, while Burlington, Iowa, will be the scene of the national finals.

Mynatt Grabbs Double Honors

Ted Mynatt won dual honors this week in DC-Colma Merchants League competition at Brentwood Bowl. He rolled a 256 game and a 682 series for Globe Tavern.

Krohn Paces Revival

Westmoor Wins 3rd Straight As Rams Eye First Division

Winning their last three games, Westmoor High's varsity cagers will make their bid for the first division this week in games against San Mateo (5-4) and third place Hillsdale (6-3).

Coach Tony Giammona's Rams last week moved into fifth place and a 3-6 Peninsula League record by defeating Burlingame, 52-45, and South San Francisco, 53-44.

Senior Barry Krohn set the Westmoor scoring pace against Burlingame with 18 points, while junior Gary Allard got 15. Against South City, Krohn tanked 15 and teammate Terry Christman collected 16.

Capuchino leads the loop with a 9-0 record. In second place is Daly City's Jefferson, with an 8-1 mark. Cap and Jeff tangle this Friday night on the Jeff court in a showdown clash.

Next week Westmoor hosts Capuchino, on Tuesday, and on Friday night the Rams visit Jefferson. Final PL game for Westmoor is March 3 when Mills invades the Daly City court at 7:30 p.m.

The newly formed Stamp Club is creating great interest as they meet Friday afternoons in the library. They organized with Lewis Bromfield as president, Nicanor Mirabe, vice-president, and Nelson Guiterrez, secretary-treasurer.

The students are delighted with the new library and its facilities. Mrs. Younga Hennessey is librarian in charge..

George Grant from San Francisco State College began student teaching this week with Mrs. Norsworthy's fifth grade.

Sixth Graders Tour Ft. Scott Missile Base

Jefferson Elementary sixth graders toured the Fort Scott Nike Base to gather information on a science unit on guided missiles.

Preceding the tour Sgt. Charles Hawkins and Private John Jorgenson, representing the Sixth Army Public Information Center, visited Jefferson School to speak to the students on guided missiles. The lecture was planned to provide the group with background for the study trip to the Nike installations around the Bay Area. The lecture was supplemented with films and scale model missiles.

When the students arrived at For Scott, Sgt. Hawkins met them and gave another lecture accompanied by a film on the Nike and how it intercepts the target. The group saw the Fort Scott installation and a demonstration of an air alert. The missile was raised above the ground and set in a firing position. From there the students were taken to the training center to see how men are trained to use the various instruments on the base.
